

2016 NMUN•Japan (Kobe) Awards

Philosophy: National Model United Nations (NMUN) advances understanding of the UN and contemporary international issues and has positively impacted the lives of numerous delegates. We urge all delegates and their faculty advisors to maintain an appropriate perspective regarding the awards. No one can observe every action in committee or truly judge an individual's learning and growth. The fundamental basis of the simulation is collaboration and cooperation among nations, which includes working together through multilateral diplomacy. There are no winners and certainly no losers in this process. We believe participation in the simulation is its own reward.

Criteria: To select award recipients at NMUN conferences, the Secretariat uses criteria outlined at www.nmun.org/policies_codes.html. Each element – remaining in character, participating in committee, and proper use of the rules of procedure – is equally important to the overall awards determination process. All committees are weighted equally and delegations are rated on a mathematical formula in relation to the total number of committees represented by the individual Member State.

Types: Awards are given by the National Collegiate College Association (NCCA) in recognition of preparation, Outstanding Position Paper Awards in Committee, as well as other overall delegation awards based on work during NMUN in the categories of: Honorable Mention, Distinguished Delegation, and Outstanding Delegation. They are listed below in alphabetical order by Member State. Committee delegates voted on peer awards and are listed by committee but in alphabetical order (not ranked).
