Summary Report

The Additional Security Council held its annual session to consider the following agenda items:

I. Humanitarian Exemptions in Sanctions Regimes
II. Preventing Terrorism and Extremism in the Horn of Africa
III. Women, Peace and Security

The session was attended by representatives of 15 Member States.

On Sunday, the committee adopted the agenda of II, I, III and began discussion on the topic of “Preventing Terrorism and Extremism in the Horn of Africa.” By Tuesday, the Dais had received a total of three proposals covering a wide range of subtopics, including piracy in and around Somalia, expanding the mandates of UNISOM and AMISOM, and addressing the root causes of piracy and terrorism. On Tuesday afternoon the Council received a news update and amended its agenda to discuss “The Situation in Mali.” Debate on both Monday and Tuesday was diplomatic and organized with all delegates coming together to discuss the amended agenda.

On Wednesday, three draft resolutions were approved by the Dais, one of which had two friendly amendments. The committee adopted one resolution following voting procedure. The resolution represented a wide range of issues, including how to improve the humanitarian situation and strengthening the peacekeeping mission in Mali. Overall, the body conducted itself in a very diplomatic and professional manner.
